

wooden planters

for a natural, sophisticated finish

Combining high quality craftsmanship and traditional materials means our Wooden Planters give a sophisticated look to any street or public place.

Our high manufacturing standards means maximum strength and durability. Before being stained and painted in your choice of colour, our Wooden Planters are carefully sanded and prepared, and an internal waterproof membrane comes as standard.

With a choice of three standard sizes and four finishes, we also offer a bespoke service, making them ideal for corporate promotions and sponsors.

committed to the environment

We don't compromise with our wood suppliers, the only timber we work with comes from sustainable sources - nothing else will do.
